Dear Student, Parents, and Friends:

Each year as the Annual is prepared and published, we have an opportunity to view our endeavors in retrospect. In doing so I am sure that there are situations which we would rather overlook and minimize and still others which we would prefer to emphasize and magnify. Through both extremes, the important fact for us to remember is that all are learning situations, and therefore, we can learn from those past experiences and make ourselves better prepared to cope with new situations.

To you Seniors, may this volume serve to remind you of your school experiences and associations; to under classmen, may it challenge you to greater achievement; and to parents and friends, may it serve to refresh your memories of by-gone years spent in school and stimulate you to evaluate your lives and accomplishments since that time.

Sincerely

"GOOD-BYE"

There is a word, of grief and sounding token;
    There is a word be jeweled with bright tears,
The saddest word fond lips have ever spoken;
    A little word that breaks the chain of years;
Its utterance must ever bring emotion,
    The memories it crystals cannot die,
'Tis known in every land, on every ocean--
    'Tis called "Good-bye"

"My Sunshine Girl"

I

Poets dream of the girl with her hair of gold,
Painters feature her eyes of blue,
As they picture on canvas her form and face,
In colors of radiant hue.
But I sing of a girl with a heart of gold,
From whose soul shines a purpose true,
She's the girl of my dreams---
My Sunshine Girl,
Each test finds her tried and true.

CREED

With love in my heart, forgetting self and with charity for all, I will make the object of my life helpfulness and kindness to others. I shall try to fit myself to give intelligent service in making my community a safer and more beautiful place in which to live. Thus will my own life become rich and complete.

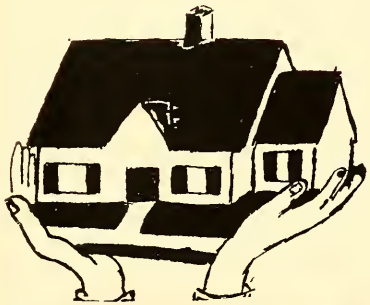
FUTURE HOMEMAKERS OF AMERICA



CREED

We are the Future Homemakers of America
We face the future with warm courage,
And high hope.

For we have the clear consciousness of seeking
Old and precious values.
For we are the builders of homes,
Homes for America's future.
Homes where living will be the expression of everything
That is good and fair.
Homes where truth and love and security and faith
Will be realities, not dreams.

We are the Future Homemakers of America
We face the future with warm courage
And high hope.

CLASS PROPHECY OF 1976

When the class of 1956 graduated several of the students vowed that in twenty years they would take a trip and see everyone in the class and see what they were doing. Twenty years have passed, and we are ready to begin our trip.

First we will go to Fort Wayne to see a Zollner Piston game. Who should break the worlds record for points per game but our own Phil Blair. Also in Fort Wayne is Bill Boxell who has taken over Marvin Hunters place in the disc jockey ratings on station T. V. T. B. Janice Brown is Superintendant of Nurses at Parkview Memorial Hospital in Fort Wayne and is still looking for a man. Don't give up the ship.

Let's leave Fort Wayne and continue to New York since the people in our class were so talented. Quite a number of them landed with there names in the bright lights of New York City. Lowell Brinneman has his own TV show, the "Lowellerace Show." The former Dixie Elzey wonders if she's married to Lowell or his TV show. Also on Broadway is Carlene Hunnicutt who has finally reached her goal in a Shakespearian Play. Currently Miss Hunnicutt can be seen in the "Taming of the Shrew." Clara Logan has just given her ninety-ninth concert at Carniege Hall. Stopping at one of the famous Howard Johnson's Restaurants we ran into Carol Sheets, head waitress. Guess her home town experience helped!

Walking by the famous Macy's Department Store we see John Zezula head mattress tester, testing the newest in mattress's. Soft job, eh? Since it costs to touch the sidewalk in front of Carters, we wave at Jach Eichhorn, manager and chief of Carters Department Stores all over the world, as he steps from his gold plated Cadillac. While in New York we hear Von Working has just been appointed chief art editor for Life magazine.

Leaving the bright lights of New York we go to Washington D. C. where we visit the White House to see Mary Alice Dunwoody, first woman President of the United States. Joyce Heaton is still running round picking up after Mary Alice. Of course now she is on salary. Leilani Yount is beautician for the newly elected woman president. Homesick already we called home and who should be on the line but Donna Mitchell. She is now Supervisor of all the Bell Telephone Offices in the U. S.

Let us go down the coast to Florida and visit Sonja Williams who is now Physical Education Teacher at Miami University. In her spare time she is life guard at Miami Beach. Traveling on through the deep south we have car trouble in Arkansas and we run into Linda Nicholson who has recently been elected President of the Lady's Aid Society in New Hope. Down in Texas is

Dan Wood and his wife, Marilyn where they have a big ranch and are taming six little wild Wood boys.

Marie Nash now in Long Beach, California, owns Nash Airways and spends most of her time there at the central office. Sondra Williams also in Southern California is president of the National Girls Athletic Association. In her spare time she is a skin diver.

Jim Piqune is now riding his motorcycle up and down highway 101, his jacket isn't leather though. We hear Ray Gilbert is in San Francisco writing a new dictionary to replace Webster's obsolete one. Our good friend Nancy Poling, now in Reno, Nevada, has just been re-elected for the 14th time as President of the National Lonely Hearts Society.

Coming back towards home we stop in Chicago to see Sarah Hunt. Her husband brought the Spearmint Gum Factory. He figures it's cheaper to manufacture it wholesale.

Going on to Detroit we see Lois Clark who is secretary to the President of General Motor Inc. Also in Detroit is Don Brown who is the test driver for the United States Chevrolet Garage.

Our last stop before home is Indianapolis to see Donna Hardin who has her own TV show called "Don't Panic". She gets more laughs than George Gobel. Pat McDaniels is Donna's secretary and chief advisor.

To get back into Warren we have to cross the old, but famous Overhead Bridge. Beverly Craig is gate keeper and takes our toll. Pat Butler is a very happily married homemaker who is raising little Schmidts.

Guy Jackson is faithfully farming away. He has just sold the Champion Contented Cow of the world for $500,00.

Dick Wood just won the Indianapolis 500 Mile Speedway Race and also broke the speed record from Warren to Huntington.

Joan Michael has advanced from baby-sitting for the undertaker to being a full-pledged mortician.

Nancy Ryan has just inherited Coolman's Drug Store after 25 years of faithful service.

Richard Brubaker has made his first million dollars and is well started on his second. Janice Hayes is well started on spending Richard's first million.

Last but not least is Jerry Smyth who is over seas working in Secret Laboritories. He will soon make the first successful flight to the moon in search of his long dreamed of moon beam. Scientists tell us that women on the moon are called Beams.

We are home and ready to resume our daily living, but very glad to have seen all 39 of the Class of 1956
